Contents

2023

Greetings,

An exciting new year awaits. We are always updating our catalog with the most exciting new plant introductions and making these varieties available to you. The newest selections are signafied by a diamond in the pricelist.

Our succulent bowls and cactus bowls are ready to move with eye-catching combinations. This year we have the most varieties of cactus and succulents in our history. We carry cactus and succulents in 3 sizes. The 3" square pot is a very popular size, they come assorted in trays of 32.

Please place your order online. Our online order form will be in operation on January 2nd. Find it at www.southcedar.com. When using the form it is not necessary to print your order. We will email you back a concise copy of your order within two business days.

As always, we do not hold plants for customers. We fill orders the day before your pick up or delivery date. This means the earlier that you pick up or take your order, the more product you will receive. Annuals will start running out at the beginning of May.

In an effort to keep our prices low, a 3% fee will be added to any payment made with a credit card, except for orders paid at time of invoicing.

Have a successful and prosperous New Year. May you and your business progress to new heights.

Andy, Alice and our great associates
